Instruction manual

You have purchased a product LIVOO brand and we thank you. We take great care in design, ergonomics and ease of use of our products. We hope that this product will give you complete satisfaction.

General Safety Instructions

PLEASE READ THESE INSTRUCTIONS CAREFULLY BEFORE USING THE PIZZA OVEN AND SAVE IT FOR ANY FURTHER NEED.

Incorrect operation or usage is likely to cause damage to the pizza oven and injure the user. Make sure that you follow all safety instructions. Only use this pizza oven for the purpose for which it has been designed; we decline all responsibility in the event of damage due to incorrect use or bad handling.

1. This product is intended for outdoor use only. **Do not use indoors**
2. Never leave a burning fire unattended.
3. The safety instructions do not by themselves eliminate any danger completely and proper accident prevention measures must always be used.
4. Never leave the pizza oven unsupervised when in use.
5. Only use the pizza oven for domestic purposes and in the way indicated in the instructions.
6. **The pizza oven must be installed on a stable horizontal support before use.**
7. The pizza oven must be heated and the fire kept incandescent for at least 30 minutes before the first cooking.
8. Do not overload the unit with fuel.

Instruction manual

9. This product is ONLY suitable for use with untreated wood, logs or charcoal
10. **Do not cook before the fuel has a coating of ash.**
11. **FIRE HAZARD – Hot embers may emit while in use.**
12. **WARNING: Do not use petrol, white spirit, lighter fluid, alcohol or other similar chemicals for lighting or relighting. Use only firelighters complying to EN1860-3!**
13. It is absolutely necessary to keep this pizza oven clean at all times as it comes into direct contact with food.
14. Allow the unit to cool down completely before moving or storing
15. Keep this manual with the pizza oven. If the pizza oven is to be used by a third party, this instruction manual must be supplied with it.

USE

BEFORE LIGHTING

Clean with a soft damp cloth and the pizza oven should be used outdoors only. Using indoors, even in a garage or shed, can cause carbon monoxide poisoning. When selecting an outdoor location, always:

- Make sure the pizza oven is not under an overhanging structure (a porch, a shelter...) or under foliage.
- Put the pizza oven on a firm, stable, fire resistant and non-combustible surface.

LIGHTING THE APPLIANCE FOR FIRST USE

When using the pizza oven for first time, let it burn for 30 minutes. This removes any remaining manufacturing greases from the pizza oven. Do not put the grill on the pizza oven yet.

Warning:

- Do not use spirit or petrol to light or re-light the pizza oven.
- Do not use treated wood, or non-organic firelighters.
- When accessing the oven door handle, use hand protection to avoid contact with hot surfaces.
- Make sure children can't not reach near the lit oven. Be careful of anything could trip someone near the oven.
- To avoid knocking out the embers when opening the fireplace door, open it slightly to check if any danger of a flaming firewood when it's opened wide

USE:

Your pizza oven is in place, the handles of doors have been assembled, the first heating without food is finished the baking of the high temperature paint (30 minutes). We just have to get started in the preparation and cooking of pizzas.

Place untreated wood or charcoal into the lower fuel area. Do not use more fuel than 75% of fuel area capacity, e.g. 3 kg charcoal or 2 small logs.

Place rolled up newspaper and kindling in with the fuel and using heat resistant gloves, light the fuel.

Always close the lower door when lighting fuels

WARNING! Do not spill water on hot coal. You could generate steam and ash, which can cause serious bodily injury or death.

CLEANING AND STORAGE

1. Never use abrasive cleaners.
2. Do not use water on pizza oven while hot as this will damage the finish
3. Never immerse in water.
4. The unit may be left outside all year if a cover is used to help protect it from bad weather
5. The pizza stone and cooking grill can be washed using a mild detergent. They are not suitable for dishwasher use.
6. The pizza stone will develop soot on the underside – this may be difficult to remove and should be expected.
