General Safety Instructions

PLEASE READ THESE INSTRUCTIONS CAREFULLY BEFORE USING THE APPLIANCE AND SAVE IT FOR ANY FURTHER NEED.

Incorrect operation or usage is likely to cause damage to the appliance and injure the user. Make sure that you follow all safety instructions. Only use this appliance for the purpose for which it has been designed; we decline all responsibility in the event of damage due to incorrect use or bad handling.

1. Start by learning about the rules for using braziers! Some municipalities simply prohibit their use, especially in summer in dry regions, because of the risk of fire at the first ember that escapes.
2. The safety instructions do not by themselves eliminate any danger completely and proper accident prevention measures must always be used.
3. Never leave the appliance unsupervised when in use.
4. Only use the appliance for domestic purposes and in the way indicated in the instructions.
5. **The fire pit must be installed on a stable horizontal support before use.**
6. Use only charcoal and wood in the fire bowl.

Instruction manual

7. Heat your brazier gradually during the first uses and do not overload the fuel tank.
8. It is advisable at each start-up to start with a small fire of about 10 minutes, which will allow your brazier to relax properly.
9. It will not be necessary to overload either wood or charcoal to see your brazier for maximum efficiency.
10. In winter, it is advisable to store the brazier inside a garage, a chalet or other place of your choice, so that it can be protected from frost and negative temperatures.
11. **It is imperative to protect your fire pit from the weather by means of a protective tarp or by any other means so that your fire pit does not get waterlogged.**
12. Keep this manual with the appliance. If the appliance is to be used by a third party, this instruction manual must be supplied with it.
