Instruction Manual

You have purchased a product LIVOO brand and we thank you. We take great care in design, ergonomics and ease of use of our products. We hope that this product will give you complete satisfaction.

This instruction manual is available too on our website www.livoo.fr

General Instructions

PLEASE, TAKE TIME TO READ WELL THE INSTRUCTIONS FOR USE
PARTICULARLY BEFORE THE FIRST USE.

A misuse of the appliance can damage it or hurt the user. Assure that you use the appliance for the use for which it is designed; we refuse any responsibilities as for the damages by an incorrect use or a bad manipulation.

Do not operate the appliance with a damaged cord or after malfunction or has been damaged in any manner.

Do not let cord hang over edge of table or counter or touch hot surface.

- 1.To reduce the risk of electric shock, never operate this product with wet hands, spill liquid in the product or submerge it in water.
- 2.Close supervision is necessary when your appliance is being used near children or infirm persons.
- 3.Do not place an appliance on or near a hot gas or on a heated oven.
- 4.Household use only.
- 5.Do not touch the cutting blades and do not insert any kind of object (knives, forks, spoons etc.) into the bowl while the product is operating. A spatula may be used only when the

Instruction Manual

product is not in operation, avoiding the risk of serious injury.

6. Never operate the product when the bowl is empty and do not remove the bowl lid before the blades come to a complete stop.
7. This appliance is designed to chop small quantities of food, under no circumstances should the bowl be overfilled.
8. The appliance shall not be used by children.
9. Keep the appliance and its cord out of reach of children.
10. Appliances can be used by persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and if they understand the hazards involved.
11. Children shall not play with the appliance.
12. Switch off the appliance and disconnect from supply before changing accessories or approaching parts that move in use.
13. There is potential injury for misuse.
14. This appliance must only be supplied at safety extra low voltage corresponding to the marking on the appliance.
15. Accessories, other than those supplied with the appliance, include instructions for their safe use.
16. Care shall be taken when handling the sharp cutting blades, emptying the bowl and during cleaning.
17. Be careful if hot liquid is poured into the food processor or blender as it can be ejected out of the appliance due to a

Instruction Manual

sudden steaming.

3. The led light will be red and constant on.
4. When the appliance is fully charged, the led light will be blue color and constant on.

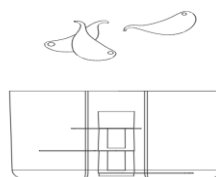

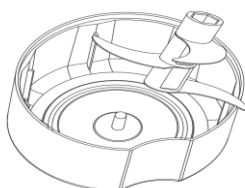

USING

Before first use, please fully charge the appliance and clean the main supply, blades and bowl.

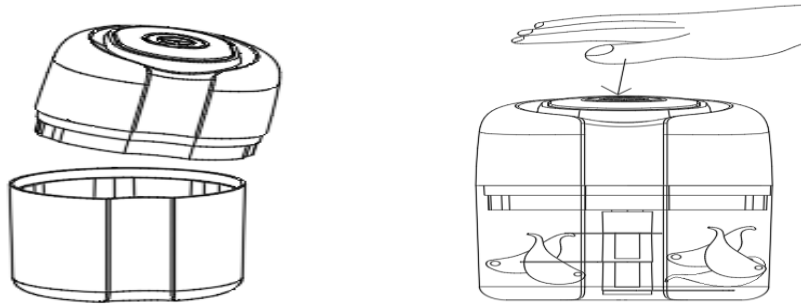

CHOPPIN GUIDE

1. Set blade on the knife shaft of the bowl first, and then add the washed food into the cup by respecting the upper limit of food. This product can chop lean meat, ginger, garlic, onions, etc.

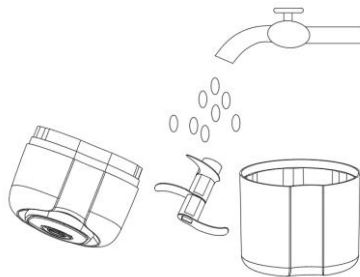

Instruction Manual

- After the food is loaded into the cup, install the motor into the cup along the card slot of the cup. When the motor is loaded, the blue light flashes 3 times, you can press and hold the jog switch to chop the food. When the bowl is full of food, the blade may be stuck and not rotating when starting. Please take out some food properly and continue to press the switch continuously. If you feel that the food is not ideal and delicate, press switch again for chopping.

- After finishing, lift up the motor, pour out the food in a cup, and then clean the appliance with warm water.

OPERATING TIME : 30 seconds ON, 30 seconds OFF, 4 cycles max. After 4 cycles, appliance should rest for 30 minutes.
