This manual is also available on www.livoo.fr

SAFETY ADVICES

PLEASE TAKE TIME TO READ WELL THE INSTRUCTIONS FOR USE PARTICULARLY BEFORE THE FIRST USE.

This user manual helps you to familiarize yourself with the operation of the product. Keep it in a safe place so that you can consult it if necessary.

1. Be sure to use the product only as directed in the user manual. Improper use may damage the product or its environment.
2. Disassembly or modification of the product affects its safety.
3. Caution, risk of injury! Do not disassemble the device, otherwise all warranty will be lost.
4. Never attempt to repair the product yourself!
5. Handle the product with care. A blow, a shock, or a fall, even from a low height, can damage it.
6. Do not expose the product to moisture or extreme heat. Never immerse the product in water or any other liquid.
7. This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capacities, or by persons without experience or knowledge, unless they have been able to benefit, through a person responsible for their safety, monitoring or prior instructions regarding the use of the device.
8. Keep the product out of the reach of children!
9. No guarantee can be applied in the event of misuse. The manufacturer declines all responsibility in the event of material damage or damage (physical or moral) due to misuse and / or non-compliance with the safety instructions.

Technical characteristics :

Input voltage: DC12-24V

Total USB output voltage: DC5V 3.1A - 15.5W max

This USB cigarette lighter adapter allows you to charge 2 devices equipped with a USB port (MP3, MP4, GPS, iPod ® *, iPhone ® *, digital camera ...) on a cigarette lighter socket.

Instructions :

1. Connect the adapter to the cigarette lighter socket of your vehicle.
2. Connect a USB device to the USB port of the adapter

At the end of the journey when the journey is finished and you switch off the engine, unplug the USB adapter or the devices connected to it - in the event that your vehicle's engine supplies electrical voltage even when stationary. This will prevent accidental discharge of the vehicle battery.

**Correct Disposal of this product
(Waste Electrical & Electronic Equipment)
(Applicable in the European Union and other European countries with separate collection systems)**

The European Directive 2012/19/EU on Waste Facilities Electrical and Electronic (WEEE)

This marking shown on the product or its literature, indicates that it should not be disposed with other household wastes at the end of its working life.

To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate this from other types of wastes and recycle it responsibly to promote the sustainable reuse of material resources.

Household users should contact either the retailer where they purchased this product or their local authority office, for details of where and how they can take this item for environmentally safe recycling.
