PRODUCT DESCRIPTION

USE

Charging the earphones

You need to use the charging box to charge the earphones.

Place each earphone into its slot.

If the box is charged, the earphones will immediately start charging, which is indicated by a red LED light on the actual earphone.

When the earphones are fully charged, red LED light turns off.

When the battery is lower than 10% a low battery alarm will prompt.

If the charging box is not charged, charge the box as per the instructions below.

Charge the charging box

To charge the charging box, connect the small end of the Micro USB charging cable to the Micro USB port, with the large USB port into computer's USB port or an AC adaptor (not included).

The blue LEDs on the charging box blink while charging. When the 4 LEDs are on, the case is fully charged

Pairing both earphones to your device

Take the 2 earbuds out of the box, the two earbuds will be turned on and paired automatically.

If earbuds are off, turn on the power buttons of both headsets at the same time for 4 seconds to power on. Red/blue light flashes.

The pairing time is 10 seconds. If pairing is not made within 5 minutes, the earphones will switch off.

Open the Bluetooth® device, search and select TES223, and complete the pairing of Bluetooth® and phone.

After the pairing is successful, LED is off.
